Pendants # 283 – 287 14K yellow	245.00 ea.
---------------------------------------	------------

****PLEASE NOTE****

Prices are subject to change due to the fluctuations in the gold and platinum markets.

My gold is obtained from an environmentally responsible refiner in VA. 100% of the gold they refine is from recycled gold scrap.

“L” version is for women, “G” version is for men.

The “G” version is usually wider; I can make up either version in any size.

The oxidation [darkened background] is optional. It is not permanent and may vary slightly. It may or may not fade depending on the wearer's body chemistry, soaps, acidic liquids, etc.

Most of my rings taper in width from front to back for comfort. The design goes about 2/3rds of the way around the ring with a blank area on the back for future sizing. The “width mm” is the width at the top, widest part of the ring, in millimeters. (5mm = approx. 3/16”, 7mm = 1/4”, 10mm = 3/8”)

All my bands are also available in Platinum & 22K gold.

Platinum prices are approximately 2 1/2 times my 14KW gold prices. Example: 6L & 12L are \$1000.00, 6G & 12G are \$1200.00 in platinum.

Old gold can be taken as credit for its scrap value or can be reused in the making your ring[s].

“+” 2 color designs, available in any combination of yellow, white and rose gold as well as platinum / 18K and solid colors.

“*” Diamonds are “VS” grade, GH color, full cut. Other sizes, shapes and qualities are available.

6LD & 6GD, 46L & 46G and other “sun” rings are available with either a .05ct diamond w/ bezel setting - \$85.00 extra, or a .10ct diamond – \$175.00 extra.

Remounting of your stone is available.

Full refund if not completely satisfied. I also offer a discount for lost/stolen rings that were purchased directly from me.

Shipping via UPS [or US Mail or FEDEX if preferred].

Immediate delivery of popular styles [depending on sizes], otherwise 3 to 4 weeks.

Shipping, including insurance, is extra. Approx. \$12.00 via UPS/Ground
